1976 LYNX

SPEARMAN PUBLIC SCHOOLS SPEARMAN, TEXAS 79081

THE SPIRIT OF '76

FOREWORD

We, The Lynx Annual Staff, are proud to be presenting to you our 31st edition of the Lynx in 1976, the year of our country's 200th birthday. We are proud of the fact that we are students of Spearman High School, citizens of Spearman, Texas and most important of all - Americans!

We feel that the spirit that helped our forefathers to establish this country that we are so proud of, is the same spirit that is depicted today in the spirit of the students of the Spearman Schools. Spirit is present in all of the ordinary things in life that we do, such as watching parades, cheering our teams, running for school office, studying, smiling, frowning, yawning, reading, talking, and going about the job of being spirited Americans.

The 1976 Lynx will take you through the halls of our schools built by Americans who wanted to foster the spirit of '76.

Lynx Annual Staff

Some of us seem to have more spirit . . .

. . . than others at times.

Full of school spirit, L. Greene works on her algebra assignment.

TITLE PAGE PICTURE: Old Glory and the Flag of Texas fly over our school every school day of the year. Posed with the Flags are, C. Smith, M. Ladd, D. Ochoa, S. Johnson, D. Pope, and B. Wadsworth.

LIVES IN THE LYNX OF 1976

A bird's-eye view of the new Lynx football stadium.

J. Meisner, D. Steele, and C. Collier treat the pep rally with as much seriousness as they treat the game.

J. Avila can't believe the sour notes that are coming out of A. Garza's drum.

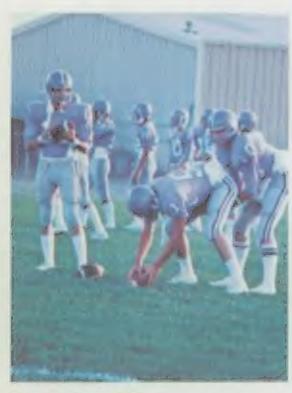

Spearman's first high school was built in 1930 and the present building was built in 1962. Prior to 1930, the students of the county attended many small schools throughout the county. The students of today are proud of S.H.S. because of so many years of pride and spirit in its history.

P. Archer is one of the typical spirit-filled leaders of S.H.S.

K. Gilley drives her car in the parade.

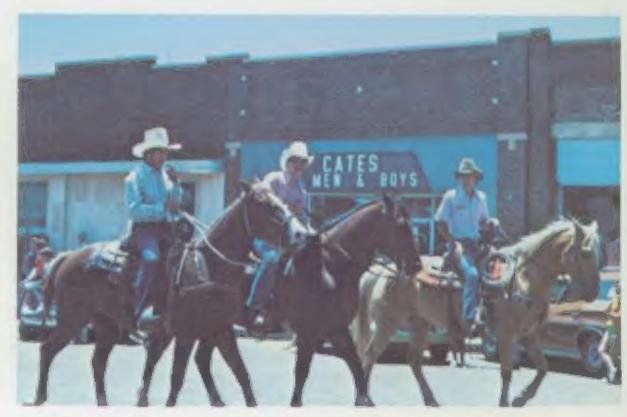

D. Steele and T. Evans warm up before the opening game against Stratford.

Mrs. Jones' class displays their school spirit as they go to sign the Spirit Poster.

SPIRIT OF 76...

Students of S.H.S. participate in many activities during the year. Included are student government, sports, pep rallies, and parades that are held as part of town and school activities.

S. Ooley, L. Clemmons, and D. Dry contribute to the Celebration Parade.

D. Boatwright is exhausted from twirling in band.

While the rest of the class is absorbed, it looks like D. Desimone and M. Pack have found something more interesting.

All play and no work makes a happier class.

R. Morrison is pretending to have had a busy day.

B. Snider doesn't think it's polite to intrude on the discussion.

J. Fowler takes time out from painting a spirit sign to grimace at the camera.

My gosh! I finally passed a geometry test!

B. Ayres thinks she is being paged.

I. Gatlin doesn't like to have his picture taken.

E. Reimer and C. Clark talk spiritedly while R. Denham, T. Miesner, and K. Gilley have other things on their minds.

Something tells us the class might be displeased with the teacher.

P. T. Cator must not want anyone to know what he is reading.

G. Price is in a strangely happy mood.

No one seems to know where the foetball is.

1. Oakes and B. Sheppard get into the spirit of the pep rally by singing the school song.

L. Nelson takes a break from her lessons.

"Angry Purple" shows the spirit of the Lynx.

The Flag girls show their spirit at the half time of every football game.

The girls varsity basectbail team practices everyday to represent S.H.S. in District 1-AA.

D. Cut, m rys has the audience eating out of his hand.

. 's part

did to the Stinnett Rattlers.

R. Morris carries the ball against Stratford in the season opener as R. Robertson and M. Fox block.

M. Schumann dreams about a prospective Lynxette game.

to. But his higher after in homework in her free period.

At the new cut it some fare this pep tally has note gossiping than cheering going on.

D. Benton, G. Montgomery, R. Martin, and D. Rosser join together after school to demonstrate their spirit.

D. Benton makes up an English class that includes typing letters.

Several S.H.S. students participate in raising the flag.

SPIRIT OF 76...

And so, not only is history one of our subjects, we are the subjects of history. The year of ''76'', 1976 that is, is fast becoming history.

PRINCIPAL AND STAFF PROVIDE

STAFF AND CURRICULUM

EDDY CLEMMONS H.S. Principal

WANDA ARCHER
Secretary

Mr. Eddy Clemmons is in his first year as principal of Spearman High School. Mr. Clemmons came to Spearman in 1965 as P.E. teacher and assistant coach. In 1970 he assumed duties as Jr. High Principal remaining there until this year.

A high school principal is a man of many duties as the pictures of Mr. Clemmons testify. Above Left, he accepts one of many daily phone calls. Middle, he helps R. Martin open her locked car and Right, he checks inventory in the bookroom.

INFORMATION AND ASSISTANCE

Miss Roden fills out a receipt for S. Gibner.

Mr. Newell outlines for P. DeLuna her day's work. She assists Mr. Newell with clerical duties.

DOROTHY RODEN Librarian

An integral part of Spearman
High School and an important
asset to the curriculum are the
library, the counseling service,
and the co-curricular activities.
The library, administered by
Miss Roden, contains over 10,000
volumes. Also under her
supervision are 60 audio-visual
machines. She is assisted by Fern

Newton. Mr. Newell provides important services in the form of counseling, testing and related areas for the students of S.H.S. Mr. Sherwood is not only athletic director and head football coach, but also activities coordinator.

I. Vela gives an oral book report.

K. Montgomery, G. McCalmon, and C. Carson can't think of a thing to write.

Every student of SHS is required to have four units of English upon graduation. The English curriculum includes the study of literature and language. Students read many pieces of literature during their four years of high school plus spending considerable time in the study of the structure of our language and in learning to write. It is the aim that students will receive a certain enrichment of their lives for a fuller and happier life by the study of Man and his literature and language.

Algebra 1 and 2

Mrs. Weaver explains a step in the problem to her class.

C. Harper and G. Price show their skill at bisecting angles on the board in geometry.

Every year geometric projects are done by geometry students and hung on the wall.

COUNTDOWN TO LOGIC

C. Johnson, R. Jones, G. Burke, and B. Jones comprise Mrs. Weaver's trigonometry class.

C. Vernon uses a calculator to multiply and divide large numbers while completing her lesson.

L. Lewis just can't concentrate on her lessons.

Mr. Schneider's class works diligently on its assignments.

The consumer math class looks for food items in the paper to plan their menus.

The mathematics department attempts to achieve a balance between practice and theory so that its students may achieve their maximum potential. The study of the nature of the mathematical system leads to an appreciation of the structure of arithmetic, algebra, geometry. trigonometry and calculus. Students are also prepared for the everyday requirement of life by the use of inductive and deductive reasoning, the need for precise use of language, and the learning of consumer mathematics.

HISTORY STUDIES

Mr. Beasley lectures to his American History class about the causes of the civil war.

Government students are in various stages of writing an assignment. It appears that the world situation is pleasant or serious, depending on viewpoint.

K. Harper figures out how to work a microscope in Biology I.

D. Steele and R. Bingham enjoy conducting experiments on cells in Biology II.

P. Archer, K. Hargis, D. Rosser and M. Cunningham are enjoying themselves while dissecting frogs in Biology II.

Science is the study of how the inanimate and the animate relate to each other and to the world we live in. In biology, students learn an understanding of the nature of life. In physics, students learn a better understanding of why things operate as they do. In chemistry, students learn what substances make up the earth and how they interact with each other. All in all, science gives the student a better insight into the world he lives.

R. Keetch concentrates on finishing his Spanish assignment.

E. Allen listens to a tape on one of the recorders in the Spanish language lab.

Spanish gives an international flavor to the curriculum. Students not only learn a basic understanding of the Spanish language but also they learn about the Spanish people and their culture. Students are encouraged not only to understand spoken Spanish but also to learn a useful vocabulary and develop a good accent. Spanish is an important part of Texas culture and is an important aspect of our history.

LYNX WIN DISTRICT;

The Spearman Lynx for the third consecutive year are District Champions of Class 1-AA. In 1973, the Lynx tied for the Championship but have won the last two titles outright.

In 1975, the Lynx won 9 and lost 2. They opened the season with a loss to Stratford, then won nine straight before losing their final game, in bi-district play 29-0 to Childress.

Coach Greg Sherwood is well on his way to establishing a tradition of strong district teams as the Lynx have yet to lose a district game under his direction. They have been tied once. His record at Spearman since coming here in 1973 is 28-7-1.

This possibly was to have been a rebuilding year as only two offensive starters returned, but the rebuilding was essentially accomplished in the non-district schedule in which the Lynx lost one and then defeated Canadian, Sun-

Zane Newton on a fake punt goes 55 yards to the Phillips 3-yard line. Zane averaged 6.1 yards per carry during the season. The Phillips game was an important one for the Lynx as Phillips was undefeated entering the game. Leading the blocking are Fox, 22, and Friemel, 52.

Mark Fox barely lunges across the goal line as he caps a nine-yard run with the Lynx second TD against Stinnett.

The arms tell it all. Kent Hargis scores TD against Stinnett to put the Lynx ahead to stay. 51 is Terrell Evans and 81 is Jeff Beedy.

Ricky Morris sweeps end as a Sanford-Fritch tackler comes up to make the stop. Lynx went on to win 21-13 to run record to 4-1.

ATHLETICS

WIN NINE, LOSE TWO!

ray, Stinnett and Sanford-Fritch.

The offense was led by seniors Mark Fox and David Steele with freshman Zane Newton and junior Rick Morris adding considerable punch. Newton averaged 6.1 yards per carry

and handled the punting chores for the Lynx.

The defense was led by three-time all district linebacker Roger Jones. Roger also was all-state in 1974 and at the time of this writing is considered a good but to repeat that distinction. He has also captained the Lynx all three years that he has played.

All in all, it was a great year for the Lynx as they combined an offense that gained 306 yards a game and a defense that only allowed 179 yards with superior attitude and dedication to ring up their fourth consecutive winning season.

The junior varsity also enjoyed a successful season, win-

ning eight games and tying one!

The Lynx Jefense led by Bo De Armond stops Childress running back Jody Hernandez in the bi-district game won by Childress. The Lynx defense allowed opponents only 179 yards total offense per game.

The Lynx offense, under the direction of semior quarterback David Steele, sets as the Lynx open season play with Stratford. The game was the first one played in the new stadium.

"We'll run it once more fellas!"
Coach Don Drummond directs the
Lynx as they warm up for the
opener against Stratford. The
new stadium was dedicated
before the game.

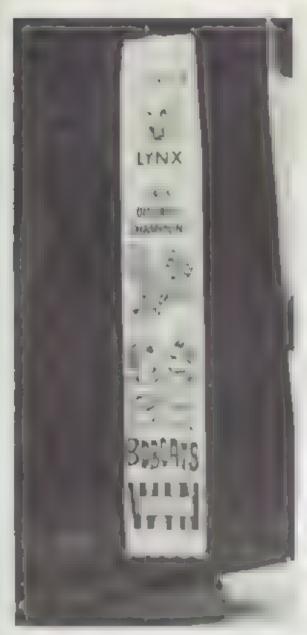

Roger Jones, 40, is the center of the Lynx defense as it stops a Childress runner in the bi-district game.

Zane Newton prepares to put the toe into the bail against Boys Ranch. Protecting are Phil Archet and Mark Cunningham. The Lynx had to win the game to insure outright possess, on of the District Championship. They did, convincingly, 48-0. The win completed the regular season with a record of 8 wins at a 1 loss for the Lynx. They entered bi-district play the next week against Childress.

Schipt Quarterback David Steele sets up to throw against the Phill ps Blackhawks, Providing pass protection are I. Latham (to and C. Bodey. The Lynx clipped the Blackhawks 41.1 in what Coach Sherwood termed as the best overall game of the season for the Lynx. The Blackhawks were under aid coming into the game.

School Spirit ran high the week of the bi-district game with spirit ribbons part of standard dress.

No, it isn't Valley Forge. It's the playoffs at Borger with Childress. Yes, those spots are snowflakes. The first half was played in snow and the entire game in very cold conditions. Childress chilled the Lynx 29-0. Rick Morris is being brought down after a short gain.

it was a solemn group of AND that I stened as the school song was played after losing to Childress. In the Law had much to smile about during the season, winning nine, losing two and winning their third consecutive district when

Senior end Jeff Beedy hauls in a pass from Steele as the Lynx pick up 43 vates on the play against the Brackhawks. Although this play J.J not go for a touchdown, Jeff caught 4 TD passes during the season. He had a total of 11 receptions for the season.

LYNX REPEAT AS DISTRICT CHAMPIONS!

The Spearman Lynx under the direction of Ed Moore, Wendy Williams, and Don Drummond tied for the first half district crown with Panhandle, but then won the second half to repeat as district champions and advance to the bi-district playoffs where they lost to Childress 64-66.

The Lynx had a rocky outset as they got a late start because of football playoffs, and also because of adjusting to a new style of play, but they got it all together, to win not only the district crown, but also to finish with a winning record.

Led by star post man Roger Iones who averaged 28 points a game, the Lynx were an exciting, crowdpleasing ball club as they scored over 100 points in one game and hustled and shot their way to the title. The fast break was spearheaded by freshman guard Zane Newton and sophomore Randy Reid. The backline of the Lynx was built around Jones, but brother Jim, newcomer David Steele, Jeff Beedy, Leon Hagerman, Mark Cunningham, and Raymie Porter contributed key efforts in the Lynx drive for the district crown.

Roger Jones shoots a jumpshot over the outstretched arms of a Dalhart player.

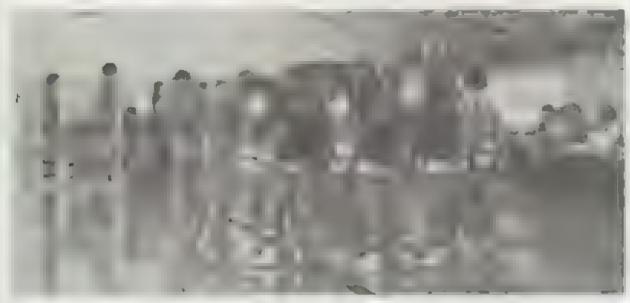

Ed Moore, the head coach of the Lynx, is assisted by coaches Drummond and Williams.

Jeff Beedy shoots a jumper over Darrell Dosher of Stratford.

All-District basketball and football teams and basketball scoreboards are on page 220.

LYNXETTES DISTRICT RUNNER-UP

The Lynxettes and Blackhawkettes take a time out with four seconds left. The Lynxettes have the ball.

Tish Platt guards Phillip's star forward Jil. Rarvin.

In one of the top efforts ever given by a Lynxette team in recent years at Varsity gym, the Lynxettes lost to Phillips 38-37 and dropped out of contention for the district title. The Lynxettes trailed the taller Phillips girls by as much as 7 points late in the game but gamely rallied only to have a last second shot miss. Phillips had defeated the Lynxettes at Phillips and needed the win to clinch the title. Even though they did not win the district the Lynxettes had an impressive season; winning 15, losing 11, and winning 1st at the Beaver Tournament, 2nd at Shamrock, and 3rd at Duncanville. The Lynxettes are under the direction of Coach Ralph Newton.

The three starting forwards for the Lynxettes are from left to right, All District Michelle Schamann, Honorable Mention Janyth Lackey; and All-District Carla Harper.

AFTERWORD

There is a television commercial that says that the spirit of America is displayed in its achievements. Likewise we feel that the spirit of Spearman High School is displayed in the achievements of its students.

It is easy to look at the records of our athletic teams, our achievements in speech, FFA, DECA, FHA, UIL literary and science events and all the other interscholastic activities that we engage in and know that we have achieved because of the spirit displayed in these activities . . . but it is harder to see those achievements of our mind and heart.

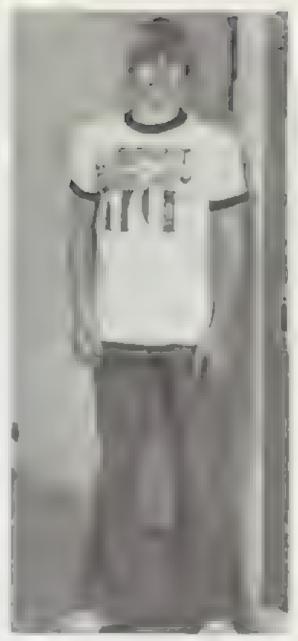

Some eighty of our students this spring will attain the highest achievement of this high school - a diploma and the accompanying designation - high school graduate. Some of those who began with the class of '76 back through the years failed to have the spirit to achieve but those who graduate will have shown the spirit - the spirit of '76, spirit that we feel is uniquely American.

Underclassmen have also achieved. They will have advanced one step up the ladder toward the goal of graduation. Tests have been taken, papers written, lectures listened to. Their achievements also are accomplished in the spirit of '76.

So it is easy to see that our high school is full of achievement. Each student has achieved in his own way. Our trophy cases are filled with symbols of our achievement but we need not these visual reminders for we carry in our minds and our hearts the knowledge that we have achieved - and that our spirit is reflected in those achievements.

In this bicentennial year, we cannot close our chronicle of the year without reflecting once again our love of our country, our town, and our school. We know that we are reaping the benefits of our forefather's achievements and spirit. May our country long endure! If we always have the spirit of '76, it will.

ACKNOWLEDGEMENT

We close this edition of the Lynx knowing full well that without the cooperation of many individuals, it would never have come to pass.

To Mr. Clemmons, our principal, who graciously aided us with many picture scheduling problems, we say "thank you." To our teachers and our fellow students we also say "thank you" for the many ways that you have helped.

This yearbook is published by Taylor Publishing Co., Dallas, represented by Mr. Floyd Hobson, who displayed admirable patience and understanding as we struggled toward publication.

We are aware that because of our March 1 deadline that we leave a portion of the school year out of the yearbook. We will try to make amends by once more publishing a supplement that will arrive as school starts next fall.

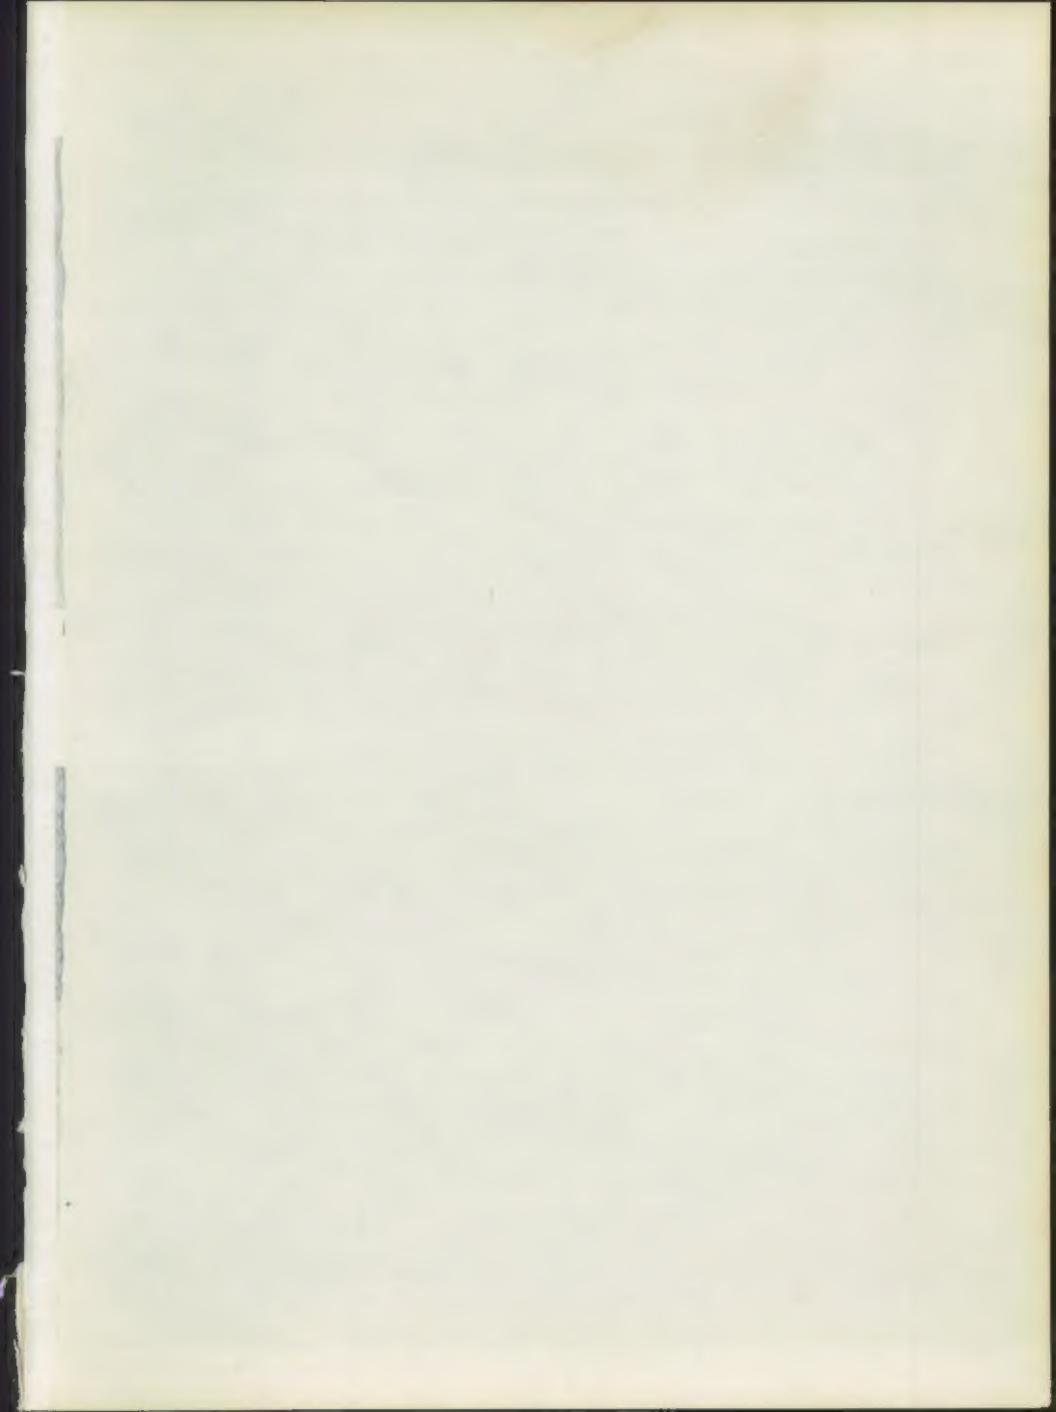

Laura Barnes, alias the "Pussy-cat" talks on her C.B.

Mr. Kyler has so much school spirit that he is willing to stand in the hall all day and hold up the cheerleader's signs.

Jimmy Jackson prepares to make a call for someone on his C.B. C.B.'s are one of the newest fads going around this area.
